

BRYANITES ARE LOUD IN THEIR CLAIMS

Contend They Have Nomination Cinched on First Ballot—John Mitchell May Be Given Second Place.

(By Associated Press.)
DENVER, July 1.—Claiming victory on the first ballot and overlooking no possible chance to make his triumph sure, the followers of Bryan are watching every move on the part of his rivals that would compel him to go single-handed against a fight such as Taft was obliged to show in strength in the early stages of the Chicago Convention against the combined forces of the "Allies." The arrival today of the personal representatives of Judge Gray and Governor Johnson, the only candidates now expected to enter the list against the Nebraskan, failed to disclose any common ground of agreement between them. Gray's managers asserted that he had no intention of entering into a coalition with the followers of Governor Johnson, and had not received from them or made them any overtures for a combination. The same disclaimer of a desire to pool issues was made by the Johnson people after their arrival tonight. The attitude which the Gray and Johnson people assumed led to considerable conjecture of a Vice-Presidential character. The followers of Bryan profess to believe that the refusals of the Gray-Johnson men to make a combined fight against the strength of Bryan means that they are not averse to occupying positions in which they can avail themselves of Bryan's vote for second place in the event of his nomination for the Presidency. Both the managers of Gray and Johnson insist the Bryan followers are in the wrong. Their men, they say, are out for first place, and are giving no consideration to the Vice-Presidency. Johnson headquarters will be formally opened tomorrow at the Albany Hotel. The headquarters of Judge Gray at the Savoy Hotel are in full swing today under the direction of Josiah Marvel, of Wilmington, Del. No definite time has been set for the opening of the headquarters for Bryan, which will be at the Brown Palace Hotel. The discussion of the platform continues to be largely confined to the anti-injunction plank. That plank will unquestionably favor jury trials for contempt, after due notice to all parties concerned in the injunction proceedings. Roger Sullivan, National Committeeman from Illinois, tonight announced that his State might have a candidate for the Vice-Presidency in John Mitchell, although the matter would not be determined until after Mitchell's arrival here on Monday.

It is said he has a brother in Great Falls, and the authorities, assisted by members of the local Masonic lodge, are making efforts to locate him.

TONOPAH GIRL IS SAVED BY YOUTH

OAKLAND, Cal., July 1.—James N. Block, an insurance agent, living at 1882 Broadway, was the hero of a runaway which occurred at Fairfax yesterday afternoon, and it is to his nerve and strength that Muriel Wooster, the six-year-old daughter of S. Penfield Wooster, a well-known mining man of Tonopah, and Ethel Yost, aged 7 years, the daughter of Martin Yost, a local traveling man, probably owe their lives. The parents of the children, while visiting some friends at the Bachelors' Club, near Yolanda station, left the little ones alone in the rig in front of the clubhouse. With the idea of stealing a ride, Ethel and Muriel whipped up the horse and started. Soon they reached a narrow bridge, where, encountering two cyclists, the horse shied and became uncontrollable. Block saw the runaway approaching, and throwing off his coat leaped into the rear of the rig as it passed, and soon stopped the frightened animal. He suffered a severe laceration of the knee, but the children were unhurt.

FIND THAT ALE WAS POISONED

PHILADELPHIA, July 1.—The laying bare of a most sensational murder is promised by the authorities in the case of Dr. H. Wilson, of this city, who died at his home on Friday night after drinking a portion of a bottle of ale which had been sent to him for trial. An autopsy performed by the coroner's physician and an examination made of the viscera taken from the body today, according to the coroner, proves conclusively that Dr. Wilson died by cyanide potassium poisoning.

Unusual as are the features of the case, more extraordinary is the motive which the police officials assign for what they are certain is murder. Though Dr. Wilson had been living for more than twelve years in the house where he drank the fatal poison, he never put out a physician's sign and was not in a general sense a practitioner. He had, however, a large clientele, made up mostly, the police officials assert, of prominent women.

The police officials have learned, they allege, that Dr. Wilson attended during a fatal illness a member of the family of a young man who will be charged with being the poisoner. The death, it is alleged, caused the young man to brood until he could no longer contain himself, when he sought to put an end to the physician's practices by sending him poison rather than go into court and have his family history exposed to the world.

LOOKS BLACK FOR NEWSPAPER MAN

LONDON, July 1.—Robert Siever, who was arrested at the Sandown track on Saturday on the charge of attempting to blackmail "Jack" Joel, a nephew of the late Barney Barnato, the "diamond king," was arraigned in the Bow street court today and remained in custody, bail being refused. Siever is charged with having threatened to publish in his paper, the Winning Post, a defamatory article about Joel, and the latter paid to him \$25,000.

Most of the day was taken up by the prosecuting counsel's speech, the drift of which was that suffering for years from the violent attacks made on him in the columns of the Winning Post, Joel had agreed to pay Siever \$25,000 if the latter would undertake in writing to stop the annoyance. The contracts were arranged through a sporting friend of both the parties concerned. The check paid by Joel to Siever was produced in evidence, as was a copy of a warrant issued for the arrest of Joel in 1884, which Siever threatened to reproduce in the Winning Post unless the money was forthcoming. The warrant, which the authorities subsequently withdrew without serving, charged Joel with illicit diamond buying. The courtroom was crowded to suffocation all day.
